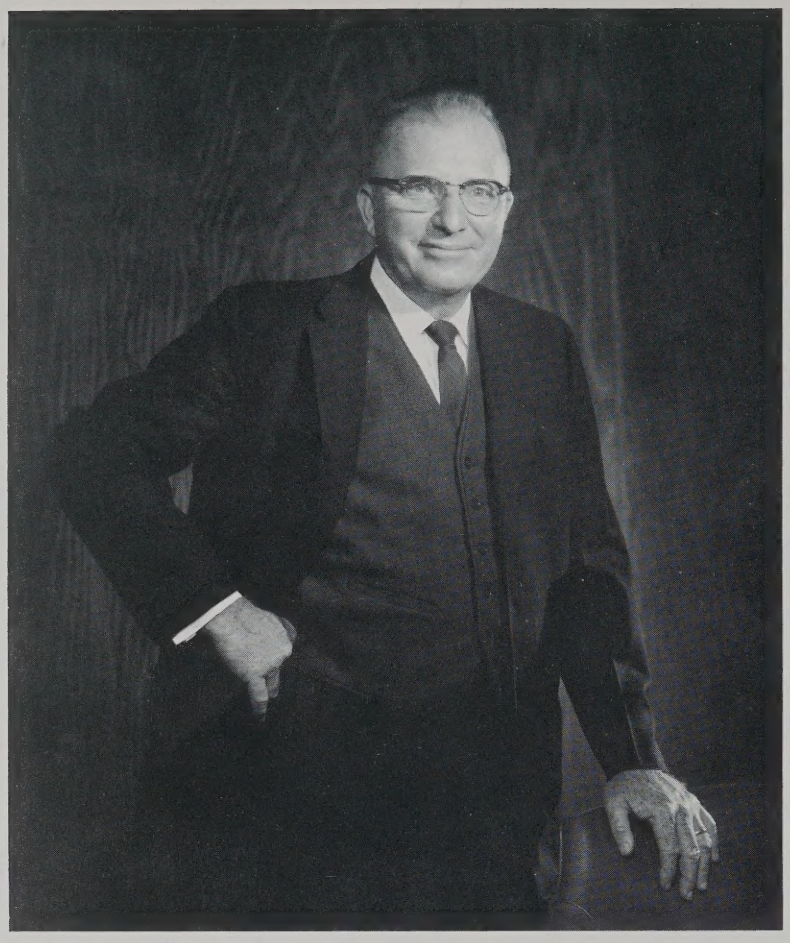
Administration

Principal



Mr. Morris

Making announcements over the public address system is one of Mr. Morris' duties.

For the past two years Bayside High School has maintained an outstanding administration. Mr. Morris, our principal, has rendered many valuable services to our school, faculty and students.

Mr. Morris came to us from Kempsville High School where he served as principal for several years. Next year Mr. Morris will return to the Kempsville Community to serve them once again as principal of the new Kempsville High School.

We speak for the students and faculty in saying that Mr. Morris will indeed be missed next year. It is our loss but Kempsville's gain.

Mr. C. A. Perkinson

Assistant Principal

Mr. Perkinson became our Assistant Principal this year. Prior to obtaining this position, he taught in the classroom for seven years and was our administrative assistant last year.

S.C.A. Advisors: Mr. Marshall, Mrs. West.

Perhaps the most active organization in our school is the Student Council. This organization is composed of elected representatives from every homeroom and all grade levels.

These people present the ideas of their homeroom to the council for consideration and approval. This gives the student body an opportunity to express their ideas and opinions.

The Student Council has many activities to serve the school and increase school spirit.

To the members of the Student Council and to those who express themselves through these people, we say congratulations for making our school the very BEST!!

The Mariner Staff this year has done their best to present the school with a yearbook better than before. This group of students worked hard all year to present to the student body a book that they can be proud of. "Devotion to duty" was the much used expression of the editor, Carole Whitson, throughout the year.

Though the staff experienced many sleepless nights and headaches, the satisfaction of seeing the completed book made their efforts seem worthwhile. Needless to say, they have indeed earned their title as "The Miracle Workers."

The long awaited class rings were here long before they were expected. The second week in December the class officers were faced with a most unexpected, but great surprise. "Have you heard the rings are here?" That was whispered to every Junior in a matter of hours. But it wasn't just a rumor; it was true and the rings had arrived. But this was just the be-

Mini Cash was chosen from the other elected attendants to reign as Queen Mariner I. The dance was held on February 11th in the Bayside gym. The final word on who had won was kept a secret until that night, and after the court had been introduced, Mr. Marshall announced the winner. Mini received a crown and roses, plus the honor of becoming the first Queen Mariner to be chosen at Bayside.

The queen will be...Mini Cash!

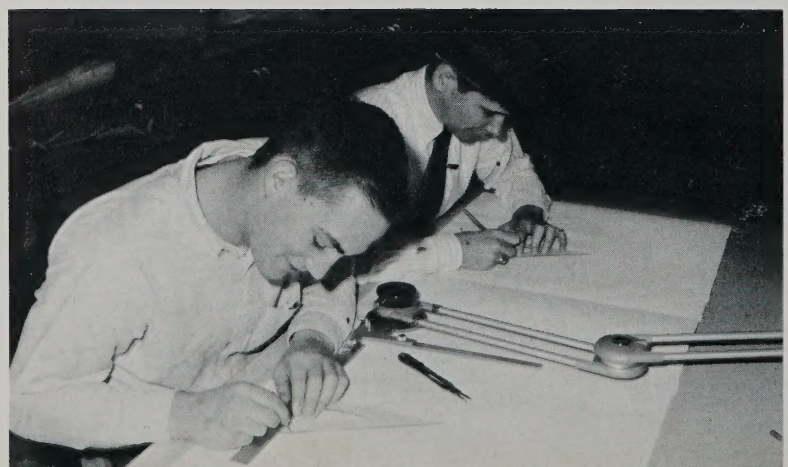
Mr. Morris crowns the lucky winner.

Tears of joy fill the queen's eyes.

Industrial Arts

Woodworking students made Christmas toys for firemen to distribute to needy children.

General metals boys stimulated industrial mass production methods when they produced Bayside High souvenirs for the student body.



Advanced draftsmen made pictorial drawings and scale models of the school and community building to aid visitors.
